# Legacy 4/2 HIGH-SPEED MULTI-NEEDLE CHAINSTITCH QUILTING MACHINES

Legacy's advanced features are ideal for quilting mattress panels, borders, bedspreads, and comforters. Also suitable for quilting components for the home furnishings, upholstered goods, and apparel industries.

## LEGACY 4/2

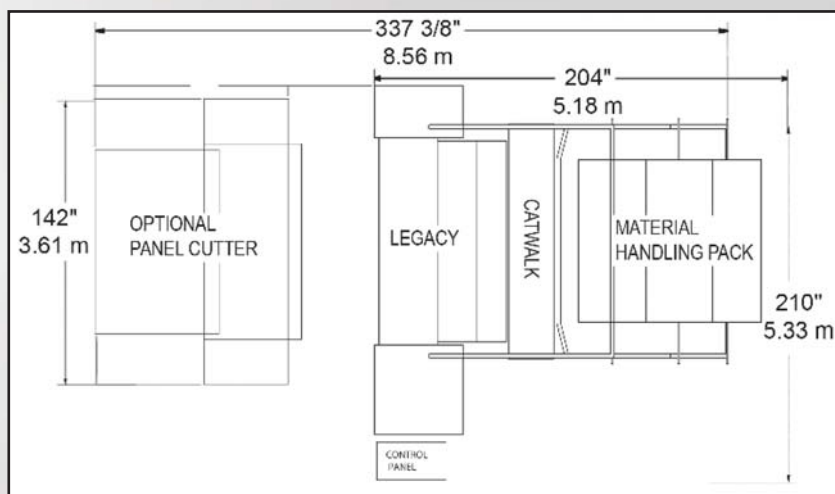

- Point & Sew software uses icon-based touch screen menus, independent of language
- EquiStitch™ ensures equalized stitch length in all sewing directions
- Continuous feeding motion and carriage movement without indexing for smoother operation
- Automatic position of needle shaft for quick looper timing adjustments
- Exclusive pattern compensation for on-the-fly adjustments
- Automatic trimming of top threads when sewing
- Meets all OSHA and CE safety directives

## LEGACY 4

- Sews Class I-IV patterns including intricate 360° Tack & Jump designs
- Includes 25 standard Class I-IV patterns and 5 TJ Link™ designs
- Tick joiner

## LEGACY 2

- Sews Class I-II patterns including intricate 180° designs
- Includes 30 standard Class I-II patterns
