

BM-52

Border Measuring System

Replace peg tables and measure borders accurately and at lightning speeds.

Specifications	BM-52
Max feed speed	100" (254cm) per second
Approximate cycle time per queen	2.8 SEC
Max material thickness	1"(2.54cm)
Min material thickness	Flat
Max material width	24"(61cm)
Accuracy	+/- .125" (3.175mm)
Voltage	220V
Current (amps)	12:00 AM
Air pressure (psi)	80 psi
Air consumption (cfm)	0.5 cfm
Weight	350 lbs (158 kg)
Shipping dimensions	6' X 3' (1.82m x .914m)

Border Measuring System

- The BM-52 has a very small footprint that will create more floorspace in your factory
- Optional cut-off knife and marker units are available
- Fast, simple, flexible and reliable

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading edge technology in computerized quilting machines and panel cutters; automated and conventional sewing machines; and mattress packaging equipment.
